## InDemand Envy

---

**TAKE VRI TO A NEW LEVEL WITH A FULLY IMMERSIVE, FLEXIBLE AND MOBILE LARGE SCREEN EXPERIENCE (SMALL FOOT PRINT, BIG SCREEN VRI)**

InDemand Envy (large touchscreen cart) integrates a flexible and large high definition display with mobile convenience for a powerful VRI experience. Easily adjust the height and angle the screen to create a fully immersive patient experience. The pre-assembled medical cart is designed for demanding, high-traffic environments right out of the box. Ideal for American Sign Language (ASL) interpreting.
